Rep. Dean Challenges South Carolina NAACP

Notable among recent speeches by 7th District State Representatives James E. Dean of Atlanta was his address to the Student NAACP Chapter of Clifton College in Orangeburg, S.C., on Feb. 10.

A group of over 300 persons crowded the college auditorium to hear the young socialist worker turned politician forcefully urge young black Americans to "challenge the system and bend into the very broadest areas of struggle for it has never been more for us than it has for white."

The job of changing the sys-

Hampton Resigns From UNCF, Voorhees Becomes New Member

NEW YORK - One of the charter members of the United Negro College Fund and a member of the Fund for 25 years, Hampton Institute, is resigning its membership in the Fund. It was announced jointly today by Dr. Jerome H. Holland, President of Hampton and Dr. Stephen J. Wright, President of the United Negro College Fund.

At the same time, Dr. Wright announced the election of Dr. Voorhees College, Demarest, South Carolina, to the Fund.

In submitting Hampton's resignation, Dr. Holland said that "Hampton has enjoyed and greatly benefited from

its long time membership in the Fund."

"While we regret Hampton's leaving," Dr. Wright said, "we are gratified that our institution is a strong institution and has 'come of age' in its fundraising. We are also proud to welcome Voorhees into membership."

UNCF announced just this week that it received the record sum of \$6,943,773 during the 1968 campaign, reported by campaign chairman and treasurer George Champlin as "the largest annual increase in the Fund's 25-year history."

"I feel," said Mr. Champlin, "that the significant rise in campaign income last year, was due largely to the increased awareness and response of corporations and individuals to the Fund's appeal to support quality higher education for Negro youth as a means to closing the educational and economic gap now existing in our country."

"The Fund's institutions," added Mr. Champlin, "offer black students a chance and often their only chance—to obtain high-quality college education."

Speaking for the branch, Mr. Law said: "We will not be bound beyond one year by this plan, particularly in light of population changes and the uncertain expansion plans of the school board." Should the developments prove to have a negative effect on the plan, we would call for court review and even court intervention if necessary."

He added that the NAACP "will pay unusual attention to the overall effect on integration that the plan will have."

The plan's primary characteristic provide that no student attend school outside his attendance area.

Stag Party

continued from page 4 son and Harold E. Franklin, Jamison's boys basketball team went through 18 games this season undefeated while Franklin's girls team kept pace with only two defeats in 18 games. Both teams led their regions.

While playing cards and other games of interest, the men enjoyed a delicious barbecue meal of bar-b-que chicken and ribs, chitterlings, pig ears, cole slaw, ice box lemonade and various beverages and d'courses.

Present for the occasion in addition to those previously mentioned were Edward F. Bowman, Marion A. Black, Arthur L. Drayne, Charles E. Harrison, Willie J. Jordan, Hilton Martin, Jr., Ernest P. Johnson, Jr., Eddie Sibley, Charles E. Tatum, Marshall W. Turner, Richard T. White, Roy E. Hadley and Herbert Linkey.

After returning to Atlanta from the tournament, Mr. Dean introduced what he termed the first piece of civil rights legislation in Georgia in recent years. The bill provides that no state, county, or municipal law enforcement officer shall be prohibited from arresting anyone due to the race, color, or national origin of either the officer or the person to be arrested.
