Ivan Allen,
Mayor ? of Atlanta.

You say that the responce, in favor, of your ASSASANINE statements before the Senate Committee is two to one in favor of them, ONLY niggers, reds and pinks would be in favor of them as you put them before that committee.

IF that unamerican statute was put on the books, it would finish the few liberties that still remain to the American Citizen and make a police state of the United States as Atlanta is today under your directions.

I was born and raised inside the city limits of the city of Atlanta but I am beginning to be ashamed of that fact because of its dirty politics.

I have been wondering HOW long it would be before you would be assassinated for making such statements before a so-called FREE America. You do not have to worry about me as I wouldn't put my life in danger by trying to eradicate such VERMIN as you .

I voted against you when you ran for the Office of Mayor and I believe that I would have voted for a nigger before I would have for you as they would at least have had the decency to have let the majority of the population have some rights left to them and not make a police state of the city limits of Atlanta. I do not believe that they would allow the nigger law breakers go scot free after they had been arrested either, as many have under your regime.

I do not believe that I can express myself any stronger against your stupid statements before the Committee, also the statement that we do not have any more communists in the city of Atlanta than we have men on the moon, I believe that we have PLENTY of them in Atlanta - look at the number of whites that are picketing with the niggers and others that are agreeing with them.

Un-Respectfully Yours

Raymond Q. Hix Sr.
