Dear Mr. Delius:

I am making a complaint to you against an employee at Piedmont Park Golf Course. I don't know his name, but he functioned as a starter sending golfers off the first tee. My complaint is this; I was at Piedmont Park May 6, 1969 (yesterday) along with three other fellows getting ready to play.

I went to the ball rack to check the number of balls in front of mine. I couldn't see the name on my ball, so I took the one out in front of mine to make sure we would be up next. In doing so, he cursed me <sup>Says</sup> "don't fuck with my balls", it was immediately reported to the pro, Pete Cole.

I didn't like it and I told him so, I don't like it now and I'm going to write some more letters to some other people. I would like for some action to be taken against him. I have seen whites move ball out of the rack and he didn't say anything. I would appreciate you looking into this matter and sending me a reply as soon as possible.

Sincerely Yours,  
*Howard Glover*
