Hon. Ivan Allen Jr.
Mayor
City Hall
Atlanta
Ga.

Dear Mayor;

I want to tell you how much I appreciate your very fine efforts in handling the race troubles this week. I think every citizen in Atlanta and the country would be proud of you and your level headed approach to the problem.

You have shown people that leadership of the right kind can result in quelling disturbances of this nature. It is unfortunate that a very few radicals can cause so much strife. So many people blame the entire negro race for the actions of a very small minority, who live by stirring up strife.

Again congratulation to you on such a fine job. It is rewarding to be a citizen of a city where we have this kind of leadership.

Sincerely

D.T. Wells.
