MEMORANDUM

To: Ann

From: Faye

The meeting scheduled for 11:00 Monday morning is with Mr. Gary Abrams of the Kaiser Corporation. Col. Jones and Cecil Alexander have been asked to sit in on the meeting since it concerns the HUD experimental housing project.

Col. Jones says he gave the Mayor a memo on Monday regarding this project and this memo should be good background information for the meeting.

The Kaiser Corporation has been awarded the contract on the experimental housing program. They will make recommendations to HUD for the choice of cities to be included.

Johnny Johnson understands from Dan that 12 of the 20 cities to have these projects have been selected but Atlanta is not one of the 12. Johnny has had several calls from the Kaiser Corporation to get additional information on Atlanta and he thinks we are still being considered.

Johnny feels the Mayor should impress upon Mr. Abrams Atlanta's interest in being one of these 20 cities.
