

Haverford, P.A.
Sept 8 1966

Hon. Mayor Jay Allen.

Dear Mr. Allen, I have just read in a Philadelphia paper of the Negro up rise in Atlanta I was raised in Atlanta but I left one year ago and came to this small P.A. Town. we have less than 10. percent Negroes here and when I left Atlanta Broad St and White Hall St. all you could see was Negroes Remember when you gave the Negroes Atlanta I was working for Charley

Let on Forsyth st at that Time
and I hope too see the Day.
When the episkels in atlanta, Ga
will wake up, too what the
negro of to day is trying to do
I voted for you and I would vote
for you again I think you or doing
the Best you can. Do. but it has
Come time when the negro thinks
they have the best go and it is
Time for us white people to put
them in their place Governor Sanders
is one of the shrewdest men we
Have in Georgia so we got too
Egnor the Law and do away

With some of them I'm coming back
to Atlanta about Christmas and
believe me I do not want trouble with
Negros. but we can't let them take
our town we will go back to 1906
the year I was borned & in
Bellwood witch is Bankhead
now well I hope you the Best of
Luck and I think you or one of
the most Entgelints, men in
Atlanta and will work out
something But take my advice
don't give one inch to the
Negros. for they will take a
mile, and I think you have

don't a good job so far in Atlanta
and am with you a hundred percent
but a negro is like a mule you
can't reason they won't hear thing
they want our white woman they
don't care about Education they
only want to run over the white
people. I have all ways been a
man that won't's peos but it has
come time when the white people
have to take arms agang the
Black man and see who rules
the Country for the good
old USA is in a. Bad Shape
under the Johnson administration

5
and you no I'm telling the truth
Carl Sanders has done a wonderfull
job as gouerner, but as I see it
the negro has been given to
much. in our great City atlanta
will we stand Back and let
them take over or put them in
thes place atlanta has the Best
Police force of any City no off.

So what will we do give our
City to the negro or put them
in the place. I'll go along
with the federal law long as its
right so vote for Lester madox and
maby we can get our city Back
a friend atlanta
Boimed -

ps I had to sell my home
in Carey park on the account
of negroes am coming back
to Atlanta in October and
I don't intend to run from
them any more,
