

Oct 1 1966.

To Major Allen  
Atlanta Georgia

we heard your comments over  
Television and we grieved to  
find you against Jester Maddox  
you intimate that Georgia will  
be ruined because they reject  
social Equality. How can social  
Equality with Negras improve any  
state,  
we wish all white leaders had  
the guts to stand out for total  
segregation.

we admire any man who can see  
what is good and bad for our  
Country.

this interstation plan started  
in the Roosevelt Era and has  
prospered every since.

we are informed that Atlanta  
has become liberal and  
supports moderate views on  
intergration and has been a

generation of negroes, to Chase Riots  
and Race Hatred, both north and  
south.

and white people will resent this  
forced social mixing, just as the  
Communist want them to do, and  
we shall have more and more of  
this - as they clamor for social  
equality, goaded by Communist who  
see this as the easiest way to take  
over America.

this Civil Rights Bill, was conceived  
and passed at the dictation of those  
who must have been willing to  
sell our Birth Right for a mess  
of pottage, or else are blind to the  
horrible chaos they have helped  
to create.

we say with out reservations, that  
the Devil is being well served  
in Washington.

you claim the Seal of the State  
of Georgia will be Tarnished

4

I will say the seal of all our States had been Tarnished ever since we allowed the National Council of Churches to fool our churches to donate money to this organization. We fell down on the job. We True Americans. We swallowed the Communist Bait Socialism or we could not be Christians.

now we see the light. And we realize Socialism is a Trap and many well meaning people have been caught. but thank God not all of us are fooled.

now we see our danger. at first we seen through a glass darkly. God is angry at a sinful world. and is pouring out his wrath in divers places. our

Boys are being murdered in a  
 no win war against Heathens,  
 and their blood is on the hand of  
 every man, who promotes and  
 permits this war to continue  
 in a limited ~~manner~~ manner  
 and these men will and have  
 lost their souls salvation.

do not condemn Lester Maddox  
 he is right. God does not mean  
 the races to mongrelize America.

we hope you see where you  
 are wrong, in being on the  
 side of a Godless Atheist hard  
 who are helping destroy our  
 country.

and the Chrsts shall be burned  
 but not until all Christians  
 are dead, you have a chance  
 to repent. I am 80 years old  
 and I know where the world  
 stands to day.

Mrs Ada Davis.

ps if our president  
wants to stop inflation  
he should cut support to  
all his great society  
they are nothing. Schemes

but political schemes to  
secure votes.

which we fear he shall not  
require  
not even the negro vote  
they want power and plan  
nominating a Communist  
such as King or one  
other negro militant  
you white leaders,  
are blind. or do not  
real and revolution care  
will be our portion a  
bitter cup.

Mayor ~~James~~ Owen Allen  
of Atlanta
