Mayor of Atlanta - There are many things
that's hard to understand. I don't have
any sons or grand sons in the Army but
seeing the red eyes of weeping Mothers
prompted me to write this letter. They are
bitter and can't understand why their boys
who were peaceable and didn't want to
fight are fighting and dying on foreign
fields and others are left at home to fight
among them ~~then~~ selves and it could be
stopped with very little trouble and very
little expense - just make some posters and
put them where the rioters can see them
and we think this will stop a lot of it
and if it doesn't send their names to the
draft board - it isn't fair for such hoodl-
ums to be at home tearing up the freedom
they are fighting for the boys are fighting
for please try it

P.S. This element that is rioting don't
want to be in the Army want to stir
up strife in us USA, - it should also be
against the law of any city for marches to carry (over)

Q

Signs on sticks - sign boards are not allowed on lots of streets - but they allow marchers to carry signs to stir up strife
