

October 25, 1967

Captain Morris Redding
Apartment #401
1464 Rhode Island Avenue, N. W.
Washington, D. C.

Dear Morris:

It is certainly great to know that in a few days you will be back home with us. It seems like you have been gone a long time. . . I know it must seem much longer to you.

I am sure the school has taught you some new techniques in policing, but as a police officer you have always been tops in our book. I hope some of the "Redding Philosophy" has rubbed off on some of the officers attending school with you.

All of us are mighty proud that you are going to be numbered among the graduates of the F. B. I. National Academy. I wish that we could be there with you next Wednesday morning.

With every good wish and heartiest congratulations, I am

Sincerely,

R. Earl Landers
Administrative Assistant
