

MONEY IS POWER. IT SHOULD BE RESTORED TO THE PEOPLE AND THE STATES .  
I ask you what good is forced integration(bussing etc going to do. Many  
negroes don't want it. Just our overlords and the Commies. A slave race  
will be easier for a dictator to control in years to come,- in the UN World  
Government etc!! Are we going to sit quietly while dictators enslave us???

Or shall we pass the LIBERTY AMENDMENT like Americans should. Our only recourse

Dear Mr. Mayor:

It may come as news to you but there are millions of Americans  
who are fed up with this enforced integration. Why should the U.S. be the only  
nation where this burden is pushed onto the people? As you well know the  
Southern white people have helped the American negro more in the last 100  
years than any other people on this earth. This action of integration has  
its well planned beginning in England and the Communists have jumped on the  
movement. Moreover the Supreme Court which ruled this to be the law of the  
land took a huge step toward dictatorship, meaning they had no right to seize  
the most precious possession the people have in their lives, their offspring,  
as these children belonged to the State in the U.S. Secondly it was a  
most unfriendly ruling calculated to encourage racial intermarriage when these  
children become of marriagable age. Thirdly their decision was not made on  
approved scientific basis, but on a political basis. It will set in process  
an irreversible <sup>trend</sup> process so that by inheritance millions of U.S. Citizens 50  
-100 years from now will find our standard of morals, ability and behavior  
definitely lower than it is today. This is not to say that the White race  
is perfect. Far from it. But we have a far greater record of achievement  
than the Africans who never invented even a wheel barrow or a calendar or  
time piece in all these hundreds of thousands of years since the caveman era.  
Have they any written language? I believe not. And you can not blame environment,  
People or animals unfold like flowers according to what they inherit largely.

And will you not agree that this unprecedented spendthrift Administra-  
tion and determination to take over the State Rights and the people's rights  
which is quickly changing us into a Socialist State as well as our foreign  
aid is changing the rest of the world into the same outmoded ideology of  
Socialism, had a strong part in the outcome of your election in Georgia?

Frankly, the only way to stop this waste and absolute unnecessarily  
squandering the hard earned money of the American tax payer, is to take it  
away from Washington, - by passage of the LIBERTY AMENDMENT Resolution by  
34 State Legislatures (six legislatures have already passed this Resolution)  
This would restore the effect of our Constitution and would deny no essen-  
tial services to the people. Our Government would be money in. They would  
have less national debt to pay interest on each year. And the 700 government  
businesses which are now tax free and interest free would be sold to private  
enterprise where they would help greatly the localities where they are by  
paying taxes like all other businesses (except government businesses). And  
since money is power, this power would be restored to the people where it would  
be safer and far more appreciated by the people who sweat to earn it, and  
therefore would make it go further in this world and do more good. Foreign  
governments have come to believe Uncle Sam is going to partially support them  
forever. They are just as well able to work as we are. And they will respect  
our form of government tremendously more if they are weaned off from our contin-  
aid. Or do you want to squeeze along with everyone getting poorer and poorer  
and dependent on Washington, which is a dictator already where they have for  
years endeavored to make us dependent on them for all the benefits in this  
life. Typical of all dictarotships! Kennedy and Johnson believed <sup>back doobato power.</sup> this to be the

Everyone is broke but those who work for the Federal Government etc. And  
isn't it about time Americans stood up and were counted to stop this soon  
complete takeover? That's what this vote was. And we like a man with guts.

Sincerely yours, *Judson N. Walker*
