SUBJECT: Stadium Bus Transportation

I have talked with the men at the barn and cautioned them about the driver on time for the morning transportation. I instructed them that if necessary, he should leave home earlier because of the convention of Jehovah's Witnesses.

Upon talking with Mr. Monroe, it is his thought that we are not having adequate participation to warrant running the bus. Mr. Monroe says that Miss Carmichael had made him promise not to cancel the transportation until she returned from her vacation. He would rather wait until he hears from her, and I will give her this information upon her return on Monday.

Mr. Monroe also informed me that our driver received a ticket this morning for running a red light. Mr. Monroe says that he has the ticket and unless our driver has a bad record of traffic violations, the judge will take care of it.
