

September 7, 1966.

Hon. Ivan Allen, Mayor,
Atlanta, Georgia.

My Dear Mr. Mayor:

When I read your statement before the recent meeting of mayors, I grated my teeth and started counting to ten. When I reached nine, I got the message that you were being pulled from the top of a car!

For this, of course, I'm sorry.

But you should know niggers. You should know-- as they had to learn ~~the hard way~~ in Rochester, Los Angeles and a hundred other places, the "hard" way, the better you treat a nigger, the meaner he becomes. This is particularly so where the Communistic Kings, Carmichels and other worthless scoundrels (mostly Kikes) keep urging them on. And with an Earl Warren to have them released, so they can burn, rape and loot again!

I know niggers inside and out. When you start calling him "Negro" and looking straight at him, he starts looking down at you. The only language a nigger understands is "NO" backed up with a .45, and a slug between the eyes if needed!

Unless we load these apes on cattle boats and send them back to their old homeland, their offspring will sell out great-grand children from an auction block!

Sincerely,

BOB OAKES-- P. O. Box 97, Ashland, Oregon.

P.S.

It's a shame you can't have the Atlanta Constitution padlocked, and old McGill placed in a padded cell!
