Dear Mr. Jenkins:

I have been advised by Miss Virginia Carmichael and Jack Delius of the Department of Parks and Recreation that your company has given a generous donation toward the development of camping facilities at Lake Allatoona for the young people of our community.

I want to express to you my personal appreciation for this generous act and trust that other members of the business world will follow your lead in assisting the City in providing critically needed recreational facilities.

Sincerely,

Ivan Allen, Jr.
