Dear Louise,

Occasionally, I think about writing a fan letter but rarely do. But today, I can't resist writing of my unqualified admiration for Ivan. He showed such great courage, real love of the city, and sincere understanding of the cause of this shocking event!

I'm sure Atlantans many, many years from now will be familiar with the story of the Mayor's bravery and will be as proud of him as we are today. Give my Hero my best!

Sincerely,
Mariana
