Re: Our Underground City

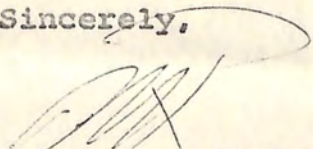

Dear Sir:

Mr. Cleghorn's article which appeared September 21, titled "Our Underground City" presents a wonderful idea for reestablishing an area which could uniquely represent Atlanta's past while at the same time establishing a tourist attraction for the future.

As a native Atlantan this area has always intrigued me. It is a shame that the lower level of the Old Kimball House, which was across the railroad from the area under discussion, had to be removed as it could have contributed greatly to such a program.

This is certainly a worth while project that could mean much to our City's future and could go a long way toward reclaiming the area involved. I certainly hope that Mr. Muldawer will be able to sell this program to The City Fathers and am sure that the majority of Atlantans would appreciate the Atlanta Newspapers continued support of this project.

Sincerely,

W. H. Rauschenberg, Jr.
