

FIRST IN WATER CHEMISTRY

Dear Ivan →

8/9/66

You must forgive
the hand written note since
I am alone at the office.

This is just a mild
expression of my admiration
for the manner in which
you handled the troublesome
situation of the past few
days. You will have many
notes and calls that can
better express the general
feeling of all of us - but

GENERAL OFFICES / 445 BISHOP STREET, N.W., ATLANTA, GA. 30318

FIRST IN WATER CHEMISTRY

I did want you to have
a few lines from me

Again, many thanks
for your bold approach
to a problem that seems
to be almost unavoidable
during these times.

Please don't feel
that an acknowledgment
to this is required - I
just wanted you to know
how I felt. Sincerely,
Kel Seunice
