DOUBLE SESSIONS AND POOR SCHOOLS MUST GO!

Did you get a decent education? Are your children on double sessions? Are your children in overcrowded classes?

Help protect your children's future. You may have a job, you may be making a good salary, but what about the 15 black men out of every hundred without a job, while only 2 white men out of every hundred has no job.

ATLANTA POLICE BRUTALITY. Maybe policemen have not beaten you yet. Maybe policemen have not beaten your husband, your wife or your children. We must stop police brutality.
