Dear Sir:

I noticed in the Atlanta Journal of yesterday your mail commenting on your testimony before the Senate Committee considering certain legislation relative to Civil Rights was 2 to 1 favorable to your comments.

I would like to go on record as being in complete DISAGREEMENT with your views and I believe that if the legislation is passed it will be only a question of a very short time until the last vestige of our freedom will be a thing of the past.

Yours very truly,

C. PRESTON BURNETT
