736 Memorial Drive, S. E.
Atlanta, Georgia

Dear Dorothy:

This will acknowledge receipt of your letter and the attachments from your brother regarding his program at the Smithsonian Institute.

I gather from reading his letter to you that the project entails making reproductions of the originals, and the reproductions placed appropriately. Am I wrong in assuming that he doesn't mean they will give the original to Atlanta?

Be it the original or reproduction, we would still like to pursue it. I do know, however, that the Atlanta Art Association will not accept anything but originals.

I am asking our newly created Atlanta Civic Design Commission to give some thought to this. They will meet again on June 2nd. In the meanwhile, I would appreciate your clarifying "original" for us.

Most sincerely,

Ann Moses
