Memo to:

Subject: "Stadium-itis"

Atlanta is still suffering happily from "Stadium-itis", and the results range from picture postcards to paper placemats!

You will find enclosed several of each --- the postcards for your friends in other cities and the placemats for your dinner table tonight.

The Atlanta Stadium will be The Home of the Braves for two exhibition games on June 14th and 21st, and we hope you will join us here for these great events.

Sincerely,
