Honorable Ivan Allen, Jr.
Mayor of the City of Atlanta
City Hall
Atlanta, Georgia

Dear Mayor Allen:

I hereby accept your invitation to be present at a meeting Friday, March 8, 1963, 2:00 P. M., to discuss the Harlan-Peyton Road housing situation. It is assumed that your invitation to me was as an individual.

As you know, I am one of three Co-Chairmen of the All Citizens Committee for Better City Planning. You will recall that this organization had previously indicated a willingness to discuss all pertinent issues inherent in the subject. There has been no change in our position.

Presuming that you intend to form a committee for the mentioned purpose, I am taking the liberty of submitting to you a list of names of persons in our organization from whom we would be amenable to selecting an appropriate number. I realize that the size of the committee would dictate the number of persons selected.

If the purpose of the Friday meeting is to explore solutions to said situation, then I strongly and respectfully urge that you indicate to me the number of persons which might be selected from the attached list. I would be happy to communicate with such persons immediately upon receiving appropriate information from you.

YOURS, FOR A BETTER ATLANTA,

C. Miles Smith, D.D.S.
