^{*}Figures in this double column are basic and represent the entire program; () in columns to the right, indicate breakdown by programs of figures included in basic columns.

**Includes 485 units Proposed, 15 Authorized for L. P., 1503 Not committed; and will also require 1,936 additional reservations not yet requested by the City.

***Includes, 1,015 units leased for P. H. Also 27,021 units have been reported by the Housing Code Division as repaired (rehab.). However, those figures include units found in compliance on original inspection. It is estimated that 75% of this figure, or 20,266 substandard units have been brought into compliance through actual rehabilitation. 569 units have been rehabilitated by H. A. in the West End U. R. area; 53 in Bedford-Pine; and 125 in Model Cities. These rehabilitated units do not increase the number of housing units available, but do increase the supply of standard units.

Note: Includes only units financed under Federal assisted low and medium income housing programs; and units constructed under conventional financing as follows:

Multi-family units costing not more than \$10,000, exclusive of land) Duplex units \$12,000. Single Family " " \$15,000,

@Excludes units known to rent for in excess of maximum rents authorized for the Rent Supplement Program.

Respectfully submitted.
