Mr. George Aldridge, Jr.
Director, Community Improvement Program
City Hall
Atlanta, Georgia

Dear Mr. Aldridge:

It is our understanding that because of the large amount of federal funds in the CIP program, the personnel policies would have to conform to the requirements of the civil rights laws. Would it be possible for you to give us information about those Negroes who are employed in a office and/or professional jobs level in connection with the CIP program - in your office, on the staff of Candeb, and Felissing, or on the staff of any other organization with which the city has contracted for any part of this program?

Attached is a blank for your convenience. If your office is not the proper one to supply this information, we will appreciate your forwarding this request to the proper one. We would also like to know what point the CIP has reached and when citizens will have an opportunity to review it and react to it.

We would like to arrange a public meeting for such discussion at the appropriate time.

Sincerely yours,

Mrs. Eliza Paschall
Executive Director
