DEPUTY DIRECTOR OF FINANCE

Honorable Milton G. Farris
Chairman, Finance Committee
P. O. Box 7245, Station C
Atlanta, Georgia 30309

Dear Milton:

I am enclosing a copy of a staff report relating to a data processing system for the Model Cities Program. The report points out that the Model Cities staff has contracted with Arthur Anderson & Company for a lock/key job on processing information for the Model Cities Program on the City of Atlanta computer. The report indicates a one time cost of \$5,127.20 with a reoccurring cost of \$192.50 based on the forms and programs that are projected by Arthur Anderson.

I have been assured by Mr. Roy Smith, Deputy Director of Finance in charge of the data processing operation, that the schedule adopted for the Data Processing Division of this office for the Year 1969 will in no way be altered by placing this system on our computer.

I would like to ask your approval for placing this system in operation on our equipment.

Sincerely,

Charles L. Davis
Director of Finance
