Dear Mr. Swanson:

I have referred your letter of September 3, 1969 requesting information on the Atlanta Urban Corps to Mr. Ken Millwood who is currently serving as Director of the Urban Corps.

I believe that Mr. Millwood will be able to answer your questions in detail. For my purpose, I would like to say that the Urban Corps has been an unequivocal success and should be encouraged and supported at all levels of government and community activity.

I hope that we can supply you with whatever information necessary to help you make a decision on any plans you might have for establishing an Urban Corps type program.

Sincerely,

Dan E. Sweat, Jr.
Chief Administrative Officer
