Send the above message, subject to the terms on back hereof, which are hereby agreed to

PLEASE TYPE OR WRITE PLAINLY WITHIN BORDER—DO NOT FOLD

1269—[R 4-55]

ALL MESSAGES TAKEN BY THIS COMPANY ARE SUBJECT TO THE FOLLOWING TERMS:

To guard against mistakes or delays, the sender of a message should order it repeated, that is, telegraphed back to the originating office for comparison. For this, one-half the unreported message rate is charged in addition. Unless otherwise indicated on its face, this is an unreported message and paid for as such, in consideration whereof it is agreed between the sender and the Telegraph Company as follows:

1. The Telegraph Company shall not be liable for mistakes or delays in the transmission or delivery, or for non-delivery, of any message received for transmission at the unreported-message rate beyond the sum of five thousand dollars; nor for mistakes or delays in the transmission or delivery, or for non-delivery, of any message received for transmission at the reported-message rate beyond the sum of five thousand dollars, unless specially valued; nor in any case for delays arising from unavoidable interruption in the working of its lines.

2. In any event the Telegraph Company shall not be liable for damages for mistakes or delays in the transmission or delivery, or for the non-delivery, of any message, whether caused by the negligence of its servants or otherwise, beyond the actual loss, not exceeding in any event the sum of five thousand dollars, at which amount the sender of each message represents that the message is valued, unless a greater value is stated in writing by the sender thereof at the time the message is tendered for transmission, and unless the reported-message rate is paid or agreed to be paid and an additional charge equal to one-tenth of one per cent of the amount by which such valuation shall exceed five thousand dollars.

3. The Telegraph Company is hereby made the agent of the sender, without liability, to forward this message over the lines of any other company when necessary to reach its destination.

4. The applicable tariff charges on a message destined to any point in the continental United States listed in the Telegraph Company's Directory of Stations cover its delivery within the established city or community limits of the destination point. Beyond such limits and to points not listed in the Telegraph Company's Directory of Stations, the Telegraph Company does not undertake to make delivery but will endeavor to arrange for delivery by any available means as the agent of the sender, with the understanding that the sender authorizes the collection of any additional charge from the addressee and agrees to pay such additional charge if it is not collected from the addressee.

5. No responsibility attaches to the Telegraph Company concerning messages until the same are accepted at one of its transmitting offices; and if a message is sent to such office by one of the Telegraph Company's messengers, he acts for that purpose as the agent of the sender, except that when the Telegraph Company sends a messenger to pick up a message, the messenger in that instance acts as the agent of the Telegraph Company in accepting the message, the Telegraph Company assuming responsibility from the time of such acceptance.

6. The Telegraph Company will not be liable for damages or statutory penalties when the claim is not presented in writing to the Telegraph Company, (a) within ninety days after the message is filed with the Telegraph Company for transmission in the case of a message between points within the United States (except in the case of an intrastate message in Texas) or between a point in the United States on the one hand and a point in Alaska, Canada, Mexico, or St. Pierre-Miquelon Islands on the other hand, or between a point in the United States and a ship at sea or in the air, (b) within 95 days after the cause of action, if any, shall have accrued in the case of an intrastate message in Texas, and (c) within 180 days after the message is filed with the Telegraph Company for transmission in the case of a message between a point in the United States and a foreign or overseas point other than the points specified above in this paragraph; provided, however, that this condition shall not apply to claims for damages or overcharges within the purview of Section 415 of the Communications Act of 1934, as amended.

7. It is agreed that in any action by the Telegraph Company to recover the tolls for any message or messages the prompt and correct transmission and delivery thereof shall be presumed, subject to rebuttal by competent evidence.

8. Special terms governing the transmission of messages according to their classes, as enumerated below, shall apply to messages in each of such respective classes in addition to all the foregoing terms.

9. No employee of the Telegraph Company is authorized to vary the foregoing.

June 6, 1967

The Mayor's City Job Opportunities Committee convened at 3:00 p. m. Tuesday, June 6, 1967, in Committee Room No. 2, City Hall. The following were present:

Milton G. Farris, Chairman
Carl Paul (representing Carl T. Sutherland)
Ray A. Nixon
Paul Weir
Robert D. Speer (representing S. W. Graydon)
Q. V. Williamson

Messrs. S. W. Graydon and Clarence D. Coleman, members, were absent. Mr. Paul Weir, General Manager of the Water Department, was appointed to the Committee to fill the vacancy created by Mr. S. W. Graydon, who will be retiring next month. A letter to Mr. J. J. Little, Clerk of the Board of Aldermen, from Mayor Ivan Allen, Jr. asking Mr. Little to advise the Board of Aldermen of Mr. Weir's appointment is attached to and made a part of these minutes.

After calling the meeting to order, Milton G. Farris, Chairman, asked Carl Paul, Deputy Director of Personnel, for a report from the Personnel Department on its activities and asked that a copy of a letter sent to the Mayor from the Atlanta Summit Leadership Conference be obtained.

Next, Mr. Paul read a list of the classifications in which Negroes occupy positions. This list is attached to and

made a part of these minutes. Mr. Farris asked if there were any stenographer positions occupied by Negroes. Mr. Paul replied, "There are none, but we do have some Negroes in typist positions."

Q. V. Williamson stated, "Our problem in getting good people in the City jobs is the Personnel Department -- the way the people are treated down there." He also said that he had a complaint from his daughter who went to the Personnel Department to apply for Junior Accountant. Williamson said that his daughter was told by a lady in the Personnel office that probably she didn't want to take the examination for Junior Accountant and that she should go back to the board to find some other type of position for which she would like to apply. Mr. Paul said he was not trying to refute what Mr. Williamson had said, but he explained that the girl in Personnel probably meant for his daughter to go over to the board which contains the announcements of the classifications in which positions are vacant to see if she met the minimum requirements for the position for which she was applying. Mr. Paul also added that he had talked to Mr. Sutherland about this particular incident and that Mr. Sutherland indicated that the girl did not meet the minimum requirements for the position for which she was applying. Mr.

Paul said it was his understanding that the girl was very insistent in saying that she wanted to take the examination for Junior Accountant, though she did not meet the requirements for that classification.

Mr. Farris then related an incident that took place in one of the Atlanta Public Libraries. He said that he and some others went to the Library and that they were "treated like dogs". He said he told those in charge at the Library that if the situation didn't change that they would have to get some new people. Mr. Farris said that if such a situation existed in the Personnel Department that it had better change. Mr. Paul said that if it did exist, he was not aware of it.

Q. V. Williamson said that what he thinks the City needs is a recruiter to recruit people and to let the Negroes know that they can qualify for and get these better jobs. When Mr. Farris asked Mr. Paul if the Personnel Department has a recruiter, Mr. Paul said that the Personnel Department does have a recruiter who goes out and tries to recruit people.

Next, Mr. Paul read a list of eligible registers, a copy of which is attached to and made a part of these minutes, which includes Negroes in the top three on the individual registers, pointing out that at the time the lists were made up there were

no vacancies. He said that the Personnel Department spends money in many professional magazines, trade journals, and newspapers in advertising for applicants for vacant positions. Mr. Farris said that as long as advertising was used instead of a recruiter that the City would never get people. He also stated, "I think what we need to do for this Committee's information so that we can keep up with what we are doing that the Personnel Department ought to set up a record to show how many people they have examined, how many were White and Negro, how many passed the tests, how many were sent to the department heads for interview, and how many were employed."

Mr. Paul said that the Personnel Department is making some progress, particularly in promotions. He said, "Two years ago the Negro would have been afraid to have applied in the first place, but now they are being appointed into these positions." He also stated that the Personnel Department has a Training Coordinator, Mr. Farrow, who is setting up a training program to train people in the City government so that they can qualify for promotion. Mr. Nixon added that he and Mr. Farrow had set up a program for the Construction Department and the Sanitary Department laborers in which all who were interested in learning to operate a truck or equipment could participate.

Next, Mr. Williamson made the following statement: "There

are five departments that I know of that have made considerable progress in this thing -- Fire, Police, Construction, Sanitary, and Comptroller. I think the Water Department can do more."

Mr. Farris read the letter sent to the Mayor by the Atlanta Summit Leadership Conference and referred each request that was made in the letter to the proper persons. A copy of this letter is attached to and made a part of these minutes. He also added, "I think the City has done a very creditable job in absorbing Negroes in its departments in the City government. Paul (Mr. Weir), I have had some criticism of the Water Department." Mr. Weir answered saying, "We will certainly investigate." Q. V. Williamson said that Mr. Weir could help out a lot by employing a Negro to work in the Water Department on the first floor of City Hall. He said that most of the Negroes who go to City Hall never go beyond the first floor and that if they could see a Negro working there on the first floor, it would get a lot of people "off his back". Mr. Weir mentioned the fact that the Water Department has several Negroes out in the field, and also he stated that "If we can get a qualified Negro, then we will put them in there." Mr. Farris asked Mr. Williamson to report to the Atlanta Summit Leadership Conference on the items that concerned the Job Opportunities Committee.

There being no further business, the meeting was declared adourned.

Respectfully submitted,

CARL PAUL

THE ATLANTA SUMMIT LEADERSHIP CONFERENCE

To: The Honorable Ivan A. Allen, Mayor City of Atlanta

From: The Atlanta Summit Leadership Conference, A Coordinating Coalition of Atlanta Organizations and Community Leadership. Primary Sponsors: NAACP, Operation Breadbasket, Atlanta Negro Voters League, All-Citizens Registration Committee and ACCA. Summit Co-Chairmen: Jesse Hill, Jr., Rev. S. W. Williams and Alderman Q. V. Williamson.

Subject: State of Our City and the Negro Community, special requests and concerns. Presented by Special City Affairs Committee.

Our Committee is here to reaffirm its interest and confidence in the future of Atlanta and to express our desire to share in the responsibility of its continued growth and greatness. It is our desire and intention to share at all levels and in all areas. This morning we wish to make the following requests and express concerns indicated:

I. Special Requests -

- ✓ A. The appointment of a Negro to Deputy Staff level in the Personnel Dept., under General Sutherland, and the hiring of a Negro Recruiter.
- B. An Equal Employment Opportunity clause with in enforcement provisions in all City Purchasing Contracts.
- C. The immediate desegregation of the Main Library staff and the desegregation and merit promotion of personnel in branch staffs.
- D. The hiring of Negro Housing Inspectors.
- E. The hiring of Negro Judges in the Traffic and Municipal Courts not as Ad Hoc Judges but regular Judgeship status.
- F. The Installation of an Information Desk in lobby of City Hall.
- G. The revival of the City's Equal Employment Opportunity Committee, formerly headed by the late Alderman John A. White, and included the late Attorney A. T. Walden and Clarence Coleman.
- H. Second Request for a list and description including purpose and top staff of all federal funded or assisted programs of the City of Atlanta. This request was made many months ago shortly after Mr. Dan Sweat was named to his current position.

II. Housing Urban Renewal, Model Cities -

Our Community and our City Government are on a "collision course" in Urban Renewal, Housing the proposed Model Cities Program. We have already informed you of our endorsement of our community position on Housing as setforth by the NAACP through President A. M. Davis.

May 10, 1967

We take this opportunity to inform you of our endorsement of the proposals submitted by Rep. John Hood on "Model Cities" including immediate action for changes in the Executive Board. We also request that the Planning Fund Request, Technical Advisory Board be revised to include our suggestion for Negro experts to be included (plus other job categories).

Urban Renewal

The Negro Community has seen Urban Renewal too often implemented as "Negro Removal". We also see it as business and sizable financial transactions, where representatives of our race have been excluded from major financial transactions, a crucial item that could along with other ills in Model Cities, and Housing cause Atlanta to lose the Negro Community support of all Federal HUD Programs, a strong united complaint from our community to HUD Secretary Robert Weaver requesting a halt in HUD funds for Atlanta.

The crucial case in point is the Rockdale Project. (Alderman Williamson will explain our position) where a Negro church, Union Baptist is the sponsor, a Negro architect and Negro agents are primarily involved.

III.

In view of the evils and discrimination uncovered by Alderman Williamson recently in the City Construction Department, we request a survey or investigation of all city departments. The investigating staff should include representatives of the Equal Employment Opportunities Committee and the City Human Relations Commission.

We also request a summary report of involvement of Negroes in the City Government (staff and policy) and a summary report of the status of compliance of Atlanta with the Civil Rights Law. Negroes are still receiving public accommodation insults in our city.

IV.

Park Facilities

We request a Crash Program to correct the many years of discrimination in the location of park facilities and the quality of park facilities and golf courses in our city.

V.

Status of Alderman Q. V. Williamson

We wish to apologize to Alderman Williamson for this personal reference. He had no knowledge that this item would be included.

However, we note that you have appointed every one in his tenure class or older to chairmanships of committees but him. In the case of Hugh Pierce he has a chairmanship and a vice chairmanship. Mr. Williamson has neither a chairmanship nor a vice chairmanship. We suggest that he be considered as chairman of the Equal Employment Opportunity Committee to succeed the late John White as a beginning to correct this situation.

Dear Milton:

I am attaching a copy of the requests made by the Atlanta Summit Leadership Conference.

They were not familiar with the fact that you have been appointed as Chairman of the City Job Opportunities Committee.

I would recommend that you call a meeting of this committee at an early date to receive the latest report of the Personnel Department, and look into any other matters that might be brought before the committee at that time.

Sincerely,

Dear Jesse:

Following our meeting of last Wednesday, I asked the Personnel Board to give me a condensed summary of employment within the city government. I am enclosing a copy of that summary for your information. This report factually sustains that employment of Negro citizens in Atlanta has steadily increased in the last several years, and that a vast number of new positions have opened up for qualified applicants.

I am attaching a copy of my letter to the Personnel Board, the Library Board of Trustees, and the City Job Opportunity Committee. I believe these letters are self-explanatory.

Sincerely,

Ivan Allen, Jr.

THE ATLANTA SUMMIT LEADERSHIP CONFERENCE

To: The Honorable Ivan Allen, Jr., Mayor City of Atlanta

From: The Atlanta Summit Leadership Conference, A Coordinating Coalition of Atlanta Organizations and Community Leadership. Primary Sponsors: NAACP, Operation Breadbasket, Atlanta Negro Voters League, All-Citizens Registration Committee and ACCA. Summit Co-Chairmen: Jesse Hill, Jr., Rev. S. W. Williams and Alderman Q. V. Williamson.

Subject: State of Our City and the Negro Community, special requests and concerns. Presented by Special City Affairs Committee.

Our Committee is here to reaffirm its interest and confidence in the future of Atlanta and to express our desire to share in the responsibility of its continued growth and greatness. It is our desire and intention to share at all levels and in all areas. This morning we wish to make the following requests and express concerns indicated:

I. Special Requests -

- ✓ A. The appointment of a Negro to Deputy Staff level in the Personnel Dept., under General Sutherland, and the hiring of a Negro Recruiter.
- B. An Equal Employment Opportunity clause with in enforcement provisions in all City Purchasing Contracts.
- C. The immediate desegregation of the Main Library staff and the desegregation and merit promotion of personnel in branch staffs.
- D. The hiring of Negro Housing Inspectors.
- E. The hiring of Negro Judges in the Traffic and Municipal Courts not as Ad Hoc Judges but regular Judgeship status.
- F. The Installation of an Information Desk in lobby of City Hall.
- G. The revival of the City's Equal Employment Opportunity Committee, formerly headed by the late Alderman John A. White, and included the late Attorney A. T. Walden and Clarence Coleman.
- H. Second Request for a list and description including purpose and top staff of all federal funded or assisted programs of the City of Atlanta. This request was made many months ago shortly after Mr. Dan Sweat was named to his current position.

II. Housing Urban Renewal, Model Cities -

Our Community and our City Government are on a "collision course" in Urban Renewal, Housing the proposed Model Cities Program. We have already informed you of our endorsement of our community position on Housing as setforth by the NAACP through President A. M. Davis.

The Atlanta Summit Leadership Conference

Mayor Ivan Allen, Jr

Page 2

May 10, 1967

We take this opportunity to inform you of our endorsement of the proposals submitted by Rep. John Hood on "Model Cities" including immediate action for changes in the Executive Board. We also request that the Planning Fund Request, Technical Advisory Board be revised to include our suggestion for Negro experts to be included (plus other job categories).

Urban Renewal

The Negro Community has seen Urban Renewal too often implemented as "Negro Removal". We also see it as business and sizable financial transactions, where representatives of our race have been excluded from major financial transactions, a crucial item that could along with other ills in Model Cities, and Housing cause Atlanta to lose the Negro Community support of all Federal HUD Programs, a strong united complaint from our community to HUD Secretary Robert Weaver requesting a halt in HUD funds for Atlanta.

The crucial case in point is the Rockdale Project. (Alderman Williamson will explain our position) where a Negro church, Union Baptist is the sponsor, a Negro architect and Negro agents are primarily involved.

III.

In view of the evils and discrimination uncovered by Alderman Williamson recently in the City Construction Department, we request a survey or investigation of all city departments. The investigating staff should include representatives of the Equal Employment Opportunities Committee and the City Human Relations Commission.

We also request a summary report of involvement of Negroes in the City Government (staff and policy) and a summary report of the status of compliance of Atlanta with the Civil Rights Law. Negroes are still receiving public accommodation insults in our city.

IV.

Park Facilities

We request a Crash Program to correct the many years of discrimination in the location of park facilities and the quality of park facilities and golf courses in our city.

V.

Status of Alderman Q. V. Williamson

We wish to apologize to Alderman Williamson for this personal reference. He had no knowledge that this item would be included.

The Atlanta Summit Leadership Conference

Mayor Ivan Allen, Jr

Page 3

May 10, 1967.

However, we note that you have appointed every one in his tenure class or older to chairmanships of committees but him. In the case of Hugh Pierce he has a chairmanship and a vice chairmanship. Mr. Williamson has neither a chairmanship nor a vice chairmanship. We suggest that he be considered as chairman of the Equal Employment Opportunity Committee to succeed the late John White as a beginning to correct this situation.

July 21, 1965

The Mayor's City Job Opportunities Committee convened at 2:00 p. m. Wednesday, July 21, 1965, in Committee Room No. 2, City Hall. The following were present:

John A. White, Chairman
C. D. Coleman
S. W. Graydon
Q. V. Williamson
Carl T. Sutherland

After calling the meeting to order, John A. White asked if anyone knew of any discrimination anywhere. Mr. Q. V. Williamson said that he had heard some complaints from citizens who feel that negroes are not getting a fair chance to obtain employment in "white collar" jobs. Mr. Graydon explained that the "white collar" jobs have to be filled by promotion. Mr. Sutherland continued by saying that filling jobs by promotion can be a disadvantage because sometimes people who barely meet the requirements have to be hired. Mr. Sutherland also explained the system of filling jobs by promotion. He stated that when a job is open in a department, if any one person in that department qualifies, he has to be promoted. If no one qualifies in the department in which the vacancy occurs, then any person in the City government who qualifies is eligible for promotion. The head of the department in which the vacancy occurs has a choice of three in City-wide

promotionals. If there are only one or two who qualify, he may request that the job be filled by open-competitive examination. Mr. Coleman asked if the promotional system of filling jobs was a law of the Personnel Board. Mr. Graydon answered by saying that it was an act of the legislature. He stated that he and Carl Sutherland opposed the approval of the act, but the legislature adopted it.

Following the discussion of the City's promotional system, C. D. Coleman said that he would like to mention the fact that about half of the negroes who apply for jobs other than Laborer do not pass the examinations. Coleman suggested that a training program be set up to help more negroes pass examinations. Mr. White agreed that a training program would be beneficial to negroes. He appointed Carl Sutherland and C. D. Coleman to work together on setting up a training program. He also approved the suggestion of Mr. Coleman that a negro be hired to go into the colored schools to recruit negroes for City employment.

Carl Sutherland read a list which included statistics of employment by the City of Atlanta from October 5, 1964, through June 30, 1965. After hearing the figures quoted in this list (a copy of which is attached and made a part of these minutes) the members of the Committee agreed that good progress is being made in providing equal opportunities for negroes for employment with

the City of Atlanta.

A suggestion was made by C. D. Coleman that Mr. Paul Weir be asked to present a report concerning the progress made in the Water Department in providing equal opportunities for employment for both white and colored. The Chairman and members of the Committee concurred that Mr. Coleman's suggestion was a good one and that Mr. Weir would be included at the next meeting.

There being no further business, the meeting was adjourned.

Respectfully submitted,

CARL T. SUTHERLAND
Secretary

For Immediate Release

Alderman John A. White, Chairman of the City Job Opportunities Committee, has released a report pointing up progress in the effort to hire qualified Negroes for city jobs.

At the close of 1964, there were 483 Negroes employed in 52 classes of employment, as compared to 337 employed in 36 classes at the close of 1963. These classes cover jobs above the level of porter, laborer or custodian.

Significant in this report is the increase in several classes of employment including: Building Mechanic I, from 15 to 20; Building Mechanic II, from 4 to 7; Equipment Operator I, from 4 to 28; Water Pollution Control Officer I, from 4 to 10; Water Works Mechanic, from none to 4; Typist-Clerk II, from 1 to 9; Fireman, from 18 to 36; Police Patrolman, from 39 to 47, and Police Detective, from 7 to 10.

Alderman White, in concluding this report to Mayor Ivan Allen, Jr., who appointed the committee in October, 1963, stated:

"We are pleased to report the progress of the City Job Opportunities Committee in eliminating discrimination in hiring of city employees. Just as Atlanta has led the way in eliminating other areas of discrimination, so we are setting the pace in providing job opportunities solely on the basis of ability to handle the job."

Dear John:

I have a copy of the letter which Carl Sutherland wrote you on February 1st regarding the City's Equal Employment Opportunity Committee.

I do not agree with Sutherland that the meeting should be postponed. We should hold a meeting immediately to present last year's accomplishments and try to get wide publicity for it. Peggy Baker in my office will be glad to assist in the publicity.

Sincerely,

Ivan Allen, Jr.

Dear Mr. White:

I am enclosing a copy of a report of ethnic distribution of City employment showing the numbers of Whites and Negroes employed in classes other than Porter, Laborer, Waste Collector I, Building Cleaner, Building Custodian, and Caddy Master as of December 28, 1964. This report also lists total number of Negroes employed in each of the listed classes as of December 26, 1963. You will note that as of December 26, 1963, 337 Negroes were employed in 36 job classes, and that on December 28, 1964, 483 Negroes were employed in 52 classes other than those listed above.

This report shows that steady progress is being made in providing job opportunities in a wide variety of classes for qualified Negro applicants.

Since heavy work concerned with the budget prevented your calling a meeting of the Committee during the month of January, I suggest that you not call a meeting until April if you feel that this report is sufficient for the January meeting. I am mailing a copy of this report to the Mayor and to each member of the Committee.

STATEMENT BY IVAN ALLEN, JR.

I have appointed a committee of city officials and Negro leaders in order to study job opportunities and recommend new areas of city employment. I am asking this City Job Opportunities Committee to work with the Personnel Board, the Personnel Director and all City Department Heads in seeking employment for Negroes who qualify for City jobs through the Personnel Department. This Committee is to report to me periodically.

Members of the Board of Aldermen are invited to consult with the Committee and to cooperate with it in seeking solutions to a problem which concerns our City government.

The following people named below have been appointed to this committee:

John A. White, Chairman
R. A. Nixon
C. E. Coleman
Stafford W. Graydon
A. T. Walden
Q. V. Williamson
Carl T. Sutherland
