\*EXECUTIVE COMMITTEE

Honorable Ivan Allen, Jr.  
Mayor, City of Atlanta  
City Hall  
Atlanta, Georgia 30303

Dear Mayor Allen:

As you know, the City of Atlanta, the Atlanta Transit System, and the business community through Central Atlanta Progress, Inc., are cooperating in a project to provide a shuttle bus service between the Stadium parking lot and a parking lot on the southeast corner of Piedmont and Forrest Avenues. The lot at the corner of Piedmont and Forrest is approximately two acres and is owned by the Atlanta Housing Authority but is under lease to the City of Atlanta. It presently has a gravel surface, and it is our understanding that it will cost a maximum of \$10,000 to put an acceptable hard surface on this lot.

We think this transportation experiment is so important to our City and its future, and has sufficient promise of encouraging D.O.T. assistance on critical problems in the Atlanta area, that our organization has agreed to underwrite the cost of this paving up to a maximum of \$10,000, as our part of this important effort to solve critical parking, transportation and circulation problems in our City.

Sincerely,

Robert W. Bivens  
EXECUTIVE DIRECTOR

RWB/ch
