Dear Ed:

Your letter of August 10, 1967, addressed to Ivan Allen, Jr., Mayor, is being referred to Karl Bevins, Traffic Engineer.

We have discussed this matter with Karl and he is somewhat familiar with the program known as "TOPICS". We are requesting him to make a further study of the program and to advise us as to what will be necessary for the City to participate in the program.

We shall keep you advised.

Sincerely,

R. Earl Landers  
Administrative Assistant
