

September 7

Dear Mayor Allen -

Having just finished my morning paper and the account of yesterday's riot, I felt I had to write a personal note of appreciation to you.

I've lived in Atlanta ten years, it's now my home and I love it! Our good fortune in having such splendid city leadership is often evident, but never more than yesterday.

This particular citizen of Atlanta is

very grateful indeed
that we have a good
and courageous man
guiding the affairs of
our city.

Very sincerely.
