Mayor Ivan Allen Jr.

Dear Sir,

You will rue the day that you ever backed Kennedy's Civil Rights bill, when your grand children grow up and marry negroes. As sure as you are alive that will happen. With all this social mingling of the negro with the white people there is bound to be intermarriage much to the regret of every decent white person.

Kennedy doesn't give a hoot. All he wants are negro votes. Aren't you smart enough.

to see that?

Sincerely,

J. B. Brownley.
