Dear Mayor Allen,

I am writing simply to say that I am proud to have you as Mayor of our city.

I have always supported you, but along with many others, I don't think I realized what kind of man you were until our recent "riots". I believe that you really care about Atlanta in a very personal way.

The main reason for my writing this though is because of your stand on our "political race" held last week. Many leaders must have shared your view that it was "deplorable", yet how many said so? Only you and Congressman Weltner, who has given up a lot for his conviction.

Again, thank you for being a "strong" leader and for caring about our great city.

Sincerely,

Mrs. Guy Q. LeGrand
