## MEMORANDUM

TO: R. Earl Landers  
FROM: Eric Harkness  
SUBJECT: Urban Beautification Program

George Berry and I have checked out the various items under Urban Beautification for which the City was responsible under the program. We know where we stand except for the Parks Department projects and here we are waiting on the determination of their 1967 program. Jack Delius is meeting with Charles Leftwich next week to make this determination. We will make our revisions in the Urban Beautification Program as soon as this information is available.
