The Honorable Mayor:  
Atlanta, Georgia

Dear Sir:

Congratulation to His Honor, the Atlanta Officials and its Citizens

Your Courageous stand Merit our Best Wishes. Though you will have a hard fight, at the end Victory will be your Reward.

There is no doubt in our minds the Braves Organization will receive a better wholesome treatment under the Leadership of the Atlanta's, as the State of Wisconsin has a system where citizen and Industry alike are leaving, this proves the State and Local Government shows an oppressive attitude toward its Tax payers and their efforts to expand.

Atlanta has shown its self to be one of the most progressive Southern Cityies and from reports it is reaching higer goals, it was rumored that the Braves might run into racial trouble for some of it's players, we beleave it is for from the truth, as the progress has proved the true facts.

We the Citizen's interest will soon be known, as the local Officials waste thousands of our dollars fighting a loseing battle.

"God speed" your efforts,  
Ralph Denton
