Mr. R. Earl Landers
Administrative Assistant
Mayor's Office
Atlanta, Georgia

Dear Mr. Landers:

Re: White Alms Building

In the absence of Mr. W. R. Wofford, Building Official, your letter of January 14, 1969, with attached copy of letter from Fulton County Manager concerning the future of the White Alms Building has been referred to the City Architect for study.

The hazardous conditions which existed and were first reported on or about July 16, 1968, still exist and have not been alleviated to date. In view of the potential hazard and possible political implications, a departmental decision concerning the matter is expected to be made upon return of Mr. Wofford to the City of Atlanta on or about Tuesday, January 21, 1969.

A letter from this office concerning this matter shall be forthcoming.

Respectfully submitted,

Frederick R. Shepherd
Representative of the Architect
