

Hon. Mayor Allen

Dear Mayor:

Detroit Trust

Sept 12-1966

I just wanted you to see what a Northern Editor could write about a Southern Mayor and having been in Detroit for 50 years thru these news,

I read you on Illumism as millions of other did and what you said, and I want to say God Bless you for having the courage to speak out and say what the Big Politicians and vote grabbers should have said a long time ago.

I have been in Atlanta and you have a good City

and good people and a lot  
of good colored people and  
the quaker the Cartmel  
And the McKimber are  
dispensed with, then we can  
go on living in harmony  
like we used to, and  
again I say God Bless you  
for your courage and the  
big stick you carry, wish we  
had more like you.

Yours Truly
