

CP July 19-1967

Mr Mayor - We agree that we think you are pretty too, with your lovely white hair and polished Southern Accent but it takes more than that to manage a City.

We learned again on T.V. that the City was \$163,000,000 in debt by your poor judgment and unwise mis planning.

Who voted for the Following  
\$18,000,000 Stadium  
\$2,000,000 plus Mansion  
\$6,000,000 plus Flip over Ga.  
Disney Land at Stone Mountain  
all the give inays to the Negroes  
plus increased welfare.  
\$40,000 - plane and increase  
to Game + Fish Commission

-2-

Atlanta has needed decent  
sewerage for 50 yrs. - but Hatfield  
during his 25 yrs of control did  
nothing. He was too busy trying  
to untangle his Personal life.  
Fire men + Policemen could  
not get a raise but you saw  
fit to increase your salary as  
well as the Legislature.

Now why should the Taxpayer  
pay for your Regio Votes

The vote at the Polls will  
show you Politicians Who  
+ what We Want

How about Milton Ferris  
and Everett Morgan both  
Executives in Gulf Oil & on the  
legislature lobbying?

It is time for us to be  
hear and we shall be.

Since you + Mr. Rich  
 work so well hand in hand  
 with your foot + his big  
 decrease in Inventory Jobs  
 the two of you could build  
 the Rapid Transit, which Rich  
 needs so badly to get people in  
 his down town store (Even tho  
 they do clutter up the Expressway)

Now dont sell your Fisher  
 Shovels and other Expensive trophies  
 which decorate your Office.

The proceeds from furnishing the  
 seats at the Airport could take  
 care of them. By the way who  
 furnished the seats for the Stadium  
 and New Auditorium?

Jay Payer.
