Dear Sirs:

In Record at Fulton County Fulton, Georgia in book number 128 and Page 761 it states clearly that a nominal fee be charged not to exceed ten cents to see the Cyclorama. This has been broken and as only living heir to my father the late G.V. Gress . If restitution is not made immediately I will offer the Cyclorama to be moved from Atlanta, Georgia and make it a National Monument in Washington, D.C. of the Civil War.

John H. Gress
